

View the Instrument Schedule

Introduction

The Instrument Scheduler (IS) is a powerful tool that allows researchers and core facility staff to view, create, and manage appointments for machines and instrumentation.

View the Schedule

To view the schedule for an instrument, access the "CORE" tab in the RSS. Under "Scheduling," select "Instrument Scheduler."

The schedule for an instrument can be displayed by day in an agenda format or by month in a list format.

Instrument Scheduling

core: instrument: date: 

Show Step-by-Step Details

First, use the "core" drop down to select the name of the core that houses the instrument you need to view.

Instrument Scheduling

core: instrument: date: 

- Advanced Microscopy Core
- Bioimaging Core
- Bioinformatics and Systems Biology Core
- Biological Irradiator Core
- Core for Advanced Magnetic Resonance Imaging
- DNA Sequencing
- ECHO Core
- EPR Spectroscopy Core
- Electron Microscopy
- Electronic Health Record Research Core
- Epigenomics Core Facility
- Flow Cytometry Research Facility
- Mass Spectrometry & Proteomics Core Facility
- Mouse Behavior Phenotyping Core
- Mouse Genome Engineering
- Multiphoton Intravital & Tissue Imaging Core
- NMR Core Facility
- Nanoimaging Core Facility
- Nebraska Biobank

Next, use the "instrument" drop down to select the specific instrument.
